The majority of the Legion Scotland shop goods, those with an appeal to the general public (referred to as the retail range) sit under a merchandising agreement to the Business Incentive Group (BIG) where they are promoted to a wide audience. These products can be bought over on our Legion Store website: www.legionscotlandstore.org.uk or by calling 0333 323 8979.

We have reached an agreement with BIG whereby Legion Scotland branches ordering items from the retail range in bulk will be afforded 60 days credit terms. Please be aware that the terms are strictly 60 days and branches should only order items that they are confident they can onward sell and make payment within the timeframe or are in a position to finance any stock they wish to hold for sale at a later date as no extended credit terms will be considered.

Head Office continues to hold a small amount of stock of items that are used in the management of branches and clubs. This includes ceremonial & standard bearing equipment. To order any of the equipment seen in this catalogue, please get in touch with Head Office directly.
